Permission Granted

We get letters all the time requesting permission to reprint Fred Crons's Beagle Bros disk snvslops warnings in various computer journals. Well, you've got our permission; thanks for asking!

Here is a copy of the warnings, suitable for reproduction (unprotected!).

WE ONLY ASK that you print these drawings with both of the credit lines at the bottom. If you don't, and Fred finds out, he'll send his goons out after you.

LIBERTERREAN DEADLINE IS: Monday, September 17, 1984

EDITORIAL :

Jim, are you as disgusted as I am by the ABC coverage of the Olympics? There's no such thing as a contest of individual against individual in L.A., it's just the U.S. against the world and the Bronze Medal is about as valuable as last place. BARF!

--Mike Lee

[Right, Cosell really underlined this when he all but accused the Yugoslav boxing judge of disqualifying a U.S. boxer so a Yugoslav contestant could get a medal.]

NOTICE :

DRAGONFLIGHT B4 (Box 0417, Seattle, WA 98111) is billed as the biggest gaming event and the biggest Diplomacy tournament in the west -- outside of California August 24-26, 1984 at Campion Tower, Seattle University. For info on the Dip tourney only, write Terry Tallman, 820 W Armour, Seattle, WA 98119 (206) 285-4374. The folks in Seattle have also won the bid for DipCon 1985, which will coincide with DragonFlight 85.

The following LIB subbers are looking to share costs for the trip to Pacificon over Labor Day weekend. I'll print this list to help people get together so they may make it easier to go to Pacificon this year.

MICHAEL LEE

3480 Donna Court,
EUGENE, OR 97405

ROBERT D'DONNELL

1234 Center St. NE
SALEM, OR 97301

I'm enclosing a copy of the Pacificon Diplomacy Tournament rules and scoresheet for everyone's information. If you have any questions about how we score Diplomacy games for our LIB rating system, we use the same one.

The next Libcourse game (which will coincide with the next Top Board game) will not have such radical currency price fluctuations. I am modifying the price fluctuations by the number of traders involved. The number of "traders" will include those who NMR for the first time. A second NMR will remove that player from the current number of traders. We have 3 players signed up for the Libcourse game. The program can handle up to 63 players.

The "TOP BOARD" game now has 2 players signed up.

Our next deadline is a long one because we're going on vacation. We're taking Aden to California to introduce him to friends and family. After Pacificon, we'll just continue on south.

LETTERS :

Jim,

Can you send in Phantom orders for games you're already in?

-- Robert Whiting

[No, I'll only accept Phantom players for games in which they are not already a player. However, the Phantom may have right of first refusal for any stand-by position which becomes available in their game. Remember, a Phantom player sends moves in for every position in a game each season. Then if any player NMRs, the Phantom's moves are executed. Once I saw a Phantom move the units of 3 positions in one game in one season! Not a happy circumstance.]

PBEM DIPLOMACY :

I am moderating games of PBEM Diplomacy for users of the ACE BBS. LIB subscribers will pay no more for a PBEM game than for a PBM game in the LIB, except for your long-distance phone charges. The BBS number is: (503) 343-4352.

Since I've taken the LIB BBS off-line, you may also leave messages for me on that BBS. The SYSOP wants all game messages to me to be left on the Diplomacy message file (that's file #6 on the "A" message file directory).

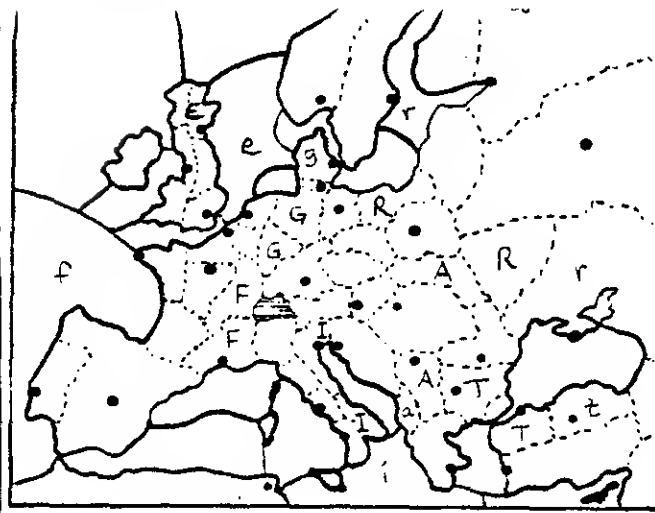

Also, I'm informed the ACEBBS uses 6-character passwords. So when you send me a password, make sure they are only 6 characters long.

LIBOURSE :

Players in the Libourse trade in the currencies of the Top Board Game, 1983 AG. You may join the game at any time by submitting the \$3 game fee together with your request for assignment and a name for your country (only Top Board players may use the name of their position in the Diplomacy game).

Your country will have characteristics in the following categories: population, treasury, agriculture, military, industry, mineral resources, communications, transportation and utilities. You will receive approximately \$7,000 in currency of the surviving Diplomacy positions in the Top Board game. You must improve your country in all categories to do well. And you may attack one other Libcourse country each turn. Random events may help or hinder your progress.

"And if we were on the other side of the Galaxy?" "It would still be there -- just as beautiful." "Would we realize it?" "How could we? Our reference point would be different." "Exactly, Nanci. And on the other side of the Black Sea are not there those whose reference points are different? While our size and color are different, aren't we really the same?" "Kahn, the life of a leader is lonely, but you've made the world a better place." "By what reference, Nanci?" A distant church bell strikes 10. Kahn wakes up. "What happened, Nanci?" "You closed your eyes to make a wish and fell asleep." "Did I say anything?" "Only something about Alexander the Great. Why?" "Nanci, I had a nightmare." "Relax dear, it didn't really happen."
